Legal basis: Article 56.1.2 of the Polish Public Offering Act – current and periodical disclosures

Adjustment of a typographical error in the consolidated semi-annual report PSr 2015

The Management Board of AB S.A. informs that in its consolidated interim for H1 of the financial year 2015/2016 PSr 2015 published yesterday or on 29.02.2015 there was an incorrect description the comparable period in the Financial Highlights: it was “H1/2013” and it should have been “H1/2014”.

The mistake is solely typographical in the Financial Highlights; the comparable data refers to the period 1.07-31.12.2014.

The comparable data described correctly can also be found in the Introduction to the Financial Statements (selected consolidated and standalone data) and in the condensed standalone financial statements (selected standalone data).
